FURTHER POINTS OF EATON SERVICE

THE assurance that EATON goods are always new goods—goods hurried to the EATON stores and mail order houses from the market places of the world.

KNOWING EATON prices are cash prices—and being cash prices are figured to the advantage of the shopper because cash business cuts the cost of merchandising to essential costs only.

THE pleasure of shopping by mail as well as in person and knowing in each case goods must be right or money will be refunded.

KNOWING that no matter how low the pendulum of prices swings, quality is always considered of major importance.

Copyright, Canada, 1931, by Henderson Directories Limited, 279 Garry St., Winnipeg

Introductory

The present volume constitutes the 1931 edition of Henderson's Directory of Regina. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern, Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 53 to 116 and contains data concerning City, Provincial, and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE is embraced in pages 117 to 222, in this feature the names of all streets and avenues are arranged alphabetically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE BUYERS' GUIDE

THE ADVERTISING occupies pages 1 to 52, this section of the Directory printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the city Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 223 to 612.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 613 to 788 and exhibits the various manufacturing, mercantile, and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING REGINA

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, where they are readily available for reference use by the public. There they serve as perpetual City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-advertisements of Regina, for business men the country over realize that the City Directory represents the community as it really is.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

City of Regina

Regina, Capital of the Province of Saskatchewan, is situated 357 miles west of Winnipeg on the Canadian Pacific Railway main transcontinental line and in the exact centre of population for Western Canada. Incorporated as a city in 1903, with a population of 3,000, Regina has grown solidly and steadily until recognized today as the fourteenth city in size in the Dominion of Canada.

The City was named as the first train arrived at 9 o'clock, August 23, 1882, by Princess Louise, Duchess of Argyll, wife of the then Governor General of Canada, in honor of Queen Victoria.

The first settlers of the district arrived in May, 1882, and subsequently a canvas town sprang up where the trestle bridge carries the main track of the C.P.R. across Wascana Creek, about a mile west of the centre of the City.

The selection of the townsite of Regina was arranged jointly by the Government and the C.P.R. Company. Early in 1883 an officer of the North-West Mounted Police was sent to select a suitable place for the headquarters of the force, which had previously been at Winnipeg. On his return the lands at present occupied by the barracks were selected.

At this time an agreement had been completed between the Dominion Government and the Railway Company to enter into partnership regarding certain townsites, one of which was to be the seat of Government for the North-West Territories. Acting under this agreement the General Manager of the Railway Company, then W. C. Van Horne, and Mr. Dewdney, the Governor of the Territories, selected four sections, viz: 19 and 30, township 17, range 19, and 24 and 25, township 17, range 20, west of the second meridian, to constitute the Townsite of Regina. These selections were subsequently vested in Messrs. Osler, Scarth, Smith and Angus, trustees to administer and divide the net proceeds between the Federal Government and the Railway Company.

The arrangement for the control of the townsite by the Townsite Trustees was terminated by Order in Council of 29th December, 1900, and by further Order in Council of 6th April, 1903, the granting to the Municipality of the lots in the Townsite which had reverted to the Crown was authorized.

Up to March 7th, 1883, when the Roundhouse was burned Regina had been a Divisional Point on the C.P.R., but after that date the headquarters of the Division was removed to Moose Jaw.

By Order in Council, 27th March, 1883, the Town of Regina was declared to be the seat of Government of the North-West Territories, in place of Battleford.

In the Spring of 1883, the first school was opened in the town. The original Dominion Lands Office, a low frame building was brought up on a flat car from Troy (afterwards called Qu'Appelle) and placed at the corner of Broad Street and Victoria Avenue.

A public meeting was held in April, 1883, to discuss the matter of the site of the proposed post office, the site finally selected being on Victoria Avenue.

On May 13th, 1883, Lieutenant Governor and Mrs. Dewdney arrived to take up residence in Regina. They were met on arrival by a large number of citizens, and His Honor was presented with an address.

2.

3.

1—Saskatchewan Legislative Buildings, Regina 2—Regina City Hall
3—Regina Post Office and Customs Building

Regina was made a Money Order Point on July 1st, 1883. A public meeting was held and a citizens' committee formed to carry on the business of the town. Mr. John Secord, Barrister, was appointed secretary, and Sub-Committees were appointed on Finance, Sanitation, Fire and Water and Miscellaneous Affairs. A committee was also appointed to draft a charter of incorporation, and the Finance Committee were instructed to collect \$2,000 by public subscription for public works.

Elections for the North-West Council were held in August, 1883, Mr. William White was selected for the Regina district. The Fifth Council of the North-West Territories was opened by Lieutenant Governor Dewdney on August 22, 1883. A bill entitled, "An Ordinance Respecting Municipalities," was introduced in the North-West Council on September 12, 1883, and a public meeting of citizens was called to discuss the matter of incorporation.

In October, 1883, a lot on Eleventh Avenue, near Rose Street, was sold for \$275. At this time farm lands in the vicinity of the City were worth about \$5 per acre.

On Monday, October 8th, the Civic Council met and took final steps to comply with the Ordinance to provide Municipal Government. The Government Buildings, Council Chambers and Indian Office on Dewdney Street were completed in October. The first telephone privately owned were introduced into the town at this time.

Up to December, 1883, Regina had two chartered banks, the Bank of Montreal and the Merchants Bank. It was found, however, that there was not enough business for two banks, and the Merchants bank was therefore withdrawn.

Nominations for the first Municipal Elections took place on January 3, 1884. Two hundred and thirteen votes were polled, and the following were elected: J. W. Smith, J. A. Kerr, J. D. Sibbald, James Hambley, Daniel Mowat, W. H. Gibbs and Mr. D. L. Scott, who later became Judge of the Supreme Court of Alberta, was the first mayor.

Regina was incorporated as a City on June 19, 1903, under Chapter 28 of the Ordinance of the North-West Territories, 1903-04, and became the Capital and Seat of Government of the Province of Saskatchewan.

The Parliament Buildings, the erection of which was commenced in the fall of 1908, stands on its own grounds of about 160 acres south of Wascana Lake and within the City Limits. It has well been said that there are no Parliament Buildings more dignified or better adapted to the needs of legislative work than those of the Saskatchewan Capital.

CITY GOVERNMENT

The government of the City is vested in a Council. It is what is regarded as a modified form of Commission Government with the Council as the Legislative body, and the City Commissioners the Executive. The powers of both are contained in "The City Act." The Council consists of the Mayor and ten Aldermen. Both are elected by a vote of the City at large. The mayor is elected annually, while the Aldermen hold office for two years. The members of the Collegiate Institute, Public and Separate School Boards are elected at the same time and in same manner as Aldermen.

FINANCIAL CENTRE

Regina is unquestionably the financial centre of the province and its development in this respect is remarkable. Seven of the leading Canadian Chartered Banks have thirteen branches in the city. The Bank

4—Hotel Saskatchewan

5—King's Hotel

6—Hotel Champlain

Clearing House Association was established and commenced business October 1st, 1909. The 1930 Clearings were in excess of \$252,351,222.

A very large volume of business is transacted in the purchase and sale of bonds and debentures of the municipalities and school districts of Manitoba, Saskatchewan and Alberta, the City being the headquarters of Western Canada for this class of business. As an indication of this it may be said that the authorization granted by the Local Government Board for the issue of Municipal, School and Rural Telephone Debentures in Saskatchewan alone for 1930 amounted to \$5,914,192.30.

RAILWAY CENTRE

Fourteen rail lines radiate in all directions from the city serving 640 towns and villages in the main trading area over 4,303 miles of trackage. Freight and express shipments from the city can reach practically every point in Western Canada in twenty-four hours.

DISTRIBUTING POINT

Regina offers unrivalled facilities for the distribution of merchandise throughout Western Canada. The city is the largest distributing centre of farm machinery in the world, business in this line having reached \$35,000,000. in one year. 214 wholesale concerns are situated on trackage in the city's industrial area.

MUNICIPALLY OWNED INDUSTRIAL SITES

Regina occupies a unique advantage for industrial development in that it owns a large portion of its original townsite, 300 acres of which has been set aside for a model industrial area. This property is only three blocks from the downtown business and financial section and is exclusively reserved for wholesale and manufacturing premises. The area is paved and property is served with spur trackage, sewer, water, power, walks and street railway. Its freight depots and unloading platforms are convenient to the entire area while still about six miles of spur track frontage is available. Such control by city prohibits speculation with industrial site property. Located in the city are 104 industries, 216 wholesale businesses and 653 principle retail outlets.

MUNICIPAL OWNERSHIP

The City owns its own street railway, light and power and water systems. The number of passengers carried on the street railway during 1930 was 5,946,184 and earnings \$338,684.73. Earnings of the Power Plant were \$1,095,300.00 net and of the Waterworks for 1930 \$376,613.80.

Regina has an abundant supply of water for all purposes which possesses the distinctive feature of being the coldest supply at source of any on the North American Continent.

CENTRE OF GRAIN GROWING AREA

Surrounding Regina is the finest grain growing district in the world. Saskatchewan is the greatest grain growing province in the Dominion and produces annually one half of the Canadian hard wheat crop. As producer of quality hard wheat Saskatchewan leads the world, having won the worlds prize eleven times during the past sixteen years.

SASKATCHEWAN WHEAT POOL

Saskatchewan Co-operative Wheat Producers Limited, better known as the Saskatchewan Wheat Pool, officially came into existence as the co-operative wheat marketing organization of the farmers of Saskatchewan on June 26, 1924. During the six crop years which have been com-

19.

20.

21.

19—Central Collegiate Institute

20—Provincial Normal School

21—Regina College

pleted since that date a total of over 662,000,000 bushels of Pool wheat have been marketed direct through the Saskatchewan Pool. This amount constitutes approximately 55% of the total amount of wheat delivered in Saskatchewan during that period.

During the past five years Saskatchewan Pool Elevators, Limited, which was incorporated in February, 1925, as a subsidiary of the Saskatchewan Wheat Pool, has handled over 450,000,000 bushels of grain. The number of elevators in the Pool Elevator system has increased from 89 in its first year to 1,046 for the 1929-30 crop and to 1,066 elevators for the present crop season 1930-31. This string of elevators constitutes the world's largest grain elevator system and it is Grower-controlled. Since the Saskatchewan Wheat Pool is a non-profit, co-operative organization any savings accruing through the operation of Saskatchewan Pool Elevators, Limited, automatically revert to the Pool membership in proportion to the amount of grain delivered.

Pool Elevators in Saskatchewan have been operated efficiently and economically, the unit cost of handling being very low on account of the large volume of grain passing through the system. With the exception of the short crop year 1929-1930, the lowest average handling per elevator recorded by the Saskatchewan Pool Elevator system was that of 1926-27, when it was 136,707 bushels.

Pool Wheat for Saskatchewan, along with similar wheat from the Provinces of Manitoba and Alberta, is sold through what is known as the Canadian Co-operative Wheat Producers Limited, with headquarters in Winnipeg. This organization is controlled by a board of nine directors, three of whom are from each of the Provincial Wheat Pools, none of which sell any wheat themselves but dispose of it through the Central Selling Agency. The latter organization has representatives in the most important European countries. Exports were made to 90 ports in 19 different countries in marketing the 1928-29 crop.

The Canadian Wheat Pool operates branch offices at Montreal, Toronto, Calgary, Vancouver, Port Arthur, Fort William and at New York and Buenos Aires.

The Canadian Wheat Pool also has a fully equipped Cereal Research Laboratory at Head Office, Winnipeg.

Among the services rendered by the Pool since its inception are the following: 1. The narrowing of the spread between street and spot grain. 2. The reduction of handling charges in country elevators. 3. The repayment to Pool Growers of millions of dollars as excess elevator charges in spite of having reduced elevator charges. (\$4,265,934.27 repaid to Growers on five crop years ending July 31, 1929.) 4. The use of automatic samplers in terminal elevators. 5. Revision of the Canadian Grain Act. 6. Payment to Growers of market value for screenings. 7. Making Growers much more familiar than formerly with facts and conditions relating to grain marketing.

LIVE STOCK

While Saskatchewan has always been considered the Premier Grain Growing Province in the Dominion there is abundant evidence that she will, in the not distant future, occupy an equally outstanding position in the realm of livestock.

At the Royal Winter Fair, Toronto, and at the International Exposition, Chicago, the high quality of our Saskatchewan livestock has been demonstrated over a long period of years.

In 1930 at the Toronto Royal, Saskatchewan livestock exhibits won eleven Championships, three Reserve Championships, twenty first prizes and fifty-two other prizes. An outstanding achievement was winning four Grant Championships in draft horses out of a possible six. Saskatchewan maintains, with ease, its position as the leading horse breeding province in the Dominion.

At the Ottawa Winter Fair, five horses secured four Championships, three first prizes and five other prizes.

An increase is shown in the cattle population of the province, and considerable improvement is being brought about by Pure Bred Sire Areas and the use of better bulls.

In sheep, in swine and in poultry every effort is being made to improve the quality and encouraging results are being obtained. This is evidenced by the fact that in swine, a Saskatchewan Barrow was successful in winning the Grand Championship at "The Royal Winter Fair" in 1930, the first occasion on which this coveted award has been secured by any province in Western Canada.

EDUCATIONAL CENTRE OF PROVINCE

From the educational and social points of view, the City also offers every advantage. The City has the Regina (United) College, St. Chad's (Anglican) College, Campion (Roman Catholic) College, and the Provincial Government Normal School, as well as a Lutheran College.

Besides this group of educational buildings there are 22 public and separate schools, 2 collegiate institutes and the Balfour Technical School opened in 1930 and one of the largest buildings of its kind in Western Canada. There are 69 churches, Y.M.C.A., Y.W.C.A., 2 public hospitals and several private nursing homes, a public library with 4 branches and 6 commercial schools.

Contributed to the City by one of the earliest residents Mr. F. N. Darke, the Darke Building for Music and Arts affords a facility for large gatherings seldomly found in much larger centres.

CENTRE FOR THE TOURIST TREK

Tourists going north or south or east or west find in Regina a charm and gaiety to match the mood of holiday and lend a pleasant interlude to any trip.

Not only does the "Queen City of the Plains" have much of interest, beauty and historical value to give the visitor, but it offers the nearest centre where roads lead off to the wonderland of Saskatchewan, into the hills, the lakes, by tree-lined roads, into the glory of the pine-clad north.

To reach this city of the plains, and Capital of the Province you travel through a fascinating country. A land of thrilling spaciousness, a boundless, rolling plain of fertile soil and far stretched fields of waving grain, the land of appealing beauty, of long days of sunshine, glorious colorful sunsets, clear air—a land that holds you in its spell and calls you back when you are gone.

Visitors will find a modern, bustling centre. There are excellent hotels, a most comfortable and charming tourist camp, splendid theatres, modern and extensive shopping facilities, beautiful drives, splendid golf courses, aquatic facilities, libraries and shady parks.

On the southern shore of Lake Wascana are the magnificent grounds and buildings of the Provincial Government. Visitors are always welcome and can visit the library and reading rooms during the day. A view of the city from the high dome over the Legislative Chambers is a sight

amazing to those who know not of the distances of vision on the prairies. The gorgeous grounds invite a quiet walk amidst the cooling shade beside the lapping waters of the lake.

In the library will be found many relics of great historical value, chief of which is the Confederation Table. Around this massive board sat Fathers of Confederation who brought the scattered parts of the settled East into the unity which today, as the Dominion of Canada holds a place of high regard among all countries of the world.

One should not fail to later visit the Natural History Museum in the Provincial Normal School on the other side of the lake. Here in life-like form can be seen the birds and animals that make their homes upon the prairies.

Towards the edge of the city is the western headquarters of that famous force, the Royal Canadian Mounted Police. A short visit to the barracks grounds will show the older buildings from which the law was administered to a western nation, even into the Arctic.

Splendid highways and rail lines lead to the Capital from all directions, and to the guests who come by aeroplane one of the best airports in Canada is available.

Recreational and entertainment facilities afford a varied selection for pleasure under ideal surroundings and short distances take the visitor to cooling sandy beaches on lakes in the historical Qu'Appelle Valley.

Two hours travel to the north and one is in the quietude of noble hills, the contrast from the level of the prairies holding spellbound those who see them for the first time. In this valley of many an Indian legend is the chain of lakes renowned for their great beauty and their joy to camper and to fisherman.

But little farther to the south and east are the beautiful Carlyle Lakes, a place to rest and greet the tourist who has entered from United States. To the west are the vast lakes that draw the hunter in the Fall to the call of duck and goose that rest in thousands on their surfaces. On into the Cypress Hills where trout abounds, in wooded beauty of these foothills can the holidayer go to find a happiness and joy in care-free days and health and vigor in the brilliant sunshine.

Turning back into the north again one finds without a warning of its presence a wonder spot of the central part of Saskatchewan. Little Manitou Lake reposes near the town of Watrous and to the healing water of this "Carlsbad of America" come thousands every year. Health indeed has come to hundreds who seek the magic of its powers, just as did the Redman of the plains a hundred years ago, and thousands of the birds whom hunters guns have wounded or ailment overtaken.

On into the north through a fairyland of lakes and dells that trace their lacy pattern over miles of green terrain and into the pine and birch clad land of peace and beauty—into the great Prince Albert National Park—the playground of the West.

Little known and little heralded are the beauties of Saskatchewan. So vast in its boundaries that it could be a nation in itself. So rich in the resources of nature, that it has drawn the eyes of the continent to its possibilities. So gorgeous in its varied beauties that those who have learned have stayed and wandered not from its entrancing rendezvous. So cheery and so genuine in its friendliness and greeting that hearts are warmed and burdens lifted with its charm.

Regina is the centre from which to start this intriguing exploration that will make your vacation a memorable one. Go forth as a vagabond adventurer and find your joy and peace and rest—return again to the city where your welcome never cools—and on to meet the labors of the day inspired, renewed and with memories and happiness that even time cannot remove.

Pax Vobiscum!

CITY HALL

Regina's City Hall is situated at the corner of Eleventh Avenue and Hamilton Street. The funds for its erection were to a great extent provided by the sale of the townsite lands.

HEADQUARTERS OF MILITARY DISTRICT

Regina is also the headquarters of Military District No. 12, which comprises the Province of Saskatchewan. This adds much to the business and social life of the City.

Civic Administration

CITY COUNCIL, 1931

MAYOR

	Term Office
James Balfour	1931

ALDERMEN

E. B. McInnis	1931
M. J. Coldwell	1931-32
James Cooksley	1931-32
C. H. Dixon	1931-32
R. D. McMurphy	1931

P. L. Hyde	1931-32
J. C. Malone	1931-32
G. N. Menzies	1931

MEETING OF COUNCIL

The first meeting of the Council in each year is held on the first Monday in January, except when that day is a public holiday, in which case the meeting takes place on the next subsequent day which is not a public holiday; and the Council of the previous year holds office until the new Council meets.

The subsequent regular meetings of Council are held on the first and third Tuesday in each month throughout the year at 7.30 p.m.

Special meetings of the Council may be called by the Mayor whenever he deems it expedient, and he may do so when requested in writing by a majority of the Council.

A majority of the whole Council constitute a quorum.

CIVIC OFFICIALS

Mayor—James Balfour
 Commissioner—R. J. Westgate
 Solicitor—G. F. Stewart
 Clerk—G. Beach
 Engineer—D. A. R. McCannel
 Medical Health Officer—Wm. R. Coles, M.D. C.M.

Auditors—Dawson & Rosborough
Treasurer—D. D. Ross
City Comptroller—S. B. Nelles
Assessor—L. G. Geernaert
Superintendent Street Railway—D. W. Houston
Police Magistrate—R. E. Turnbull
Superintendent of Parks—J. M. Craig
Superintendent Light and Power—E. W. Bull
Superintendent Water Works—J. W. D. Farrell
Chief Constable—M. J. Bruton
Chief Fire Department—W. A. White
Building Inspector—J. J. White
License Inspector—S. Lyne
Market Clerk and Weighmaster—Frederick A. Lord
Cemetery Caretaker—James Fenton
City Hall Janitor—James J. Raven
City Pound—Harry Brock
Purchasing Department—H. W. Patterson, Purchasing Agent

FIRE DEPARTMENT

(Phone 100 in Case of Fire)

The Fire Department is under the control of the City Council. It consists of one chief, 10 captains, 3 operators and 62 firemen. The Department operates under the two-platoon system, half the members being on day shift and the other half on night shift, the change being made at 8.00 a.m. and 6.00 p.m. each day.

Chief—W. A. White

Central Fire Hall—Headquarters, Eleventh Avenue corner Osler Street,
Phone 100

No. 2 Hall—Corner Scarth Street and Eighth Avenue

No. 3 Hall—2200 Robinson Street corner Fourteenth Avenue

No. 4 Hall—Corner Winnipeg Street and Victoria Avenue

No. 5 Hall—King Street corner Seventh Avenue

POLICE DEPARTMENT

Headquarters: 11th Avenue and Halifax Street

The police department is under the control of the Board of Police Commissioners, consisting of the following:

His Worship the Mayor James Balfour (Chairman)

His Honor J. W. Hannon (Judge of the District Court)

R. E. Turnbull (Police Magistrate)

The police force consists of a chief, one inspector, one detective sergeant, five detectives, one traffic sergeant, three sergeants, three patrol sergeants, two patrol drivers, forty-two constables, two clerks, janitor and matron.

Chief Constable—M. J. Bruton

STREET RAILWAY

The construction of the street railway as a municipal enterprise was projected in 1910. Actual construction began in the early part of 1911, and operation of cars on same was commenced July 29, 1911. At this time the system consisted of about six miles of track and six cars. Now there are 30 miles of track within the city limits, $14\frac{3}{4}$ miles of this being in pavement. The rolling stock is as follows: 48 Passenger Cars; 2 Sweepers; 30 Freight Cars; 1 Snow Plow; 1 Sweeper Plow; 1 Motor Haulage Car.

The total expenditure up to December 31, 1929, was \$2,339,146.79 of which \$507,400.76 was for cars and car equipment.

The operation statistics for the years 1929 and 1930 are as follows:

	1929	1930
Revenue passengers Carried.....	6,511,428	5,946,184
Transfer passengers Carried.....	996,149	967,332
Total Passengers	7,507,577	6,913,516
Passenger Car Miles	1,186,161	1,198,608
Other Car Miles	12,605	12,742
Total Car Miles	1,198,166	1,211,350
Passenger Revenue	\$407,593.28	\$371,856.70
Other Revenue	23,814.51	26,828.03
Total Revenue	431,407.79	398,684.73
Operation Expense	262,261.43	280,536.03
Operation Surplus	169,146.36	118,148.68
Fixed Charges	118,520.93	129,914.92
Depreciation	23,000.00	37,664.78
Surplus	27,625.35	49,431.02

The following fares were effected during the year:

Cash—10c.

Tickets—4 for 25c.

Tickets—8 for 25c. (Children over 5 and under 14 years)

Tickets—17 for \$1.00 (book)

All cars in regular service are operated by one man. This Method of operation has proved practicable and make a big saving in operating expense.

About two-thirds of the revenue, other than passenger, is derived from freight haulage. The Department delivers all coal to the city and Provincial Government power houses, and handles garbage from a central transfer station to the civic incinerator.

GENERATING PLANT

A modern generating plant, located on the shores of Wascana Lake, corner Winnipeg and Douglas Avenue, generates all power for the city. It has installed one 15,000 kw. C. A. Parsons, two 5,000 kw. Curtis, one 3,000 and two 1,500 kw. Willans (Seimens) turbines, six 500 h.p. Babcock and Wilcox water tube boilers, fitted with Riley Underfeed Stokers and two 900 h.p. B and W Boilers with water cooled walls and pulverized fuel furnaces with pulverizing equipment to supply on the unit system. The plant has all modern labor saving devices and shows excellent economy in generating.

SUBSTATIONS

No. 1 Plant is now employed as a substation and water pump plant, and for the supply of street railway power has installed one 1,200 k.v.a. Bruce Peebles motor converter and two 400 k.w. Seimens generators, driven by one 1,200 h.p. Synchronous motor. It has also two motor driven water pumps, five million and seven million gallons capacity respectively. This Substation as well as No. 2 Substation on Elphinstone Street between Victoria Avenue and South Railway is being arranged as feed point from a 13.2 Kilowat circuit through a bank of transformers 7,500 k.v.a. in each Substation. These two Substations are each capable of expansion to 15,000 k.v.a. capacity.

REFUSE DISPOSAL SYSTEM

Regina has now in operation one of the most modern refuse disposal plants on the continent. All refuse collected from the city is hauled to a central transfer station, where it is loaded into steel dump cars. From the transfer station, which was specially constructed for this purpose at a cost of \$20,000, the refuse is transferred over the street railway to the incinerating plant at the disposal works, a distance of two and a half miles. The incinerating plant, recently constructed at a cost of \$64,000, has a capacity of 110 tons per 24 hours and is modern in every particular. It is proposed to utilize the steam generated at the plant to drive the pumps at the disposal works and to light the grounds.

STREET LIGHTING

Nine hundred and twenty-five lamps light, 103.2 miles of streets and one mile of lanes.

For distribution of light and power to 14,423 consumers approximately 103 miles of pole line is required.

WATER WORKS SYSTEM

The principal sources of supply are the Springs, artesian and pumped wells in the valley of Boggy Creek about 8 miles northeast of the City. A dam constructed across the Creek impounds about 100,000,000 gallons of water, forming an artificial lake which is now part of the Park System rather than part of the water supply system. Approximately 160 drillings have been made in connection with the construction and renewal of wells. In 1929 there were 68 flowing wells and 5 wells arranged, or being arranged for pumping to accelerate and increase the yield. All the wells yield a pure, sparkling water, somewhat hard, but of excellent potability.

The well water is collected in the Barton Pump well (270,000 gallons capacity) and raised to the Tor Hill Reservoir by means of two 2,000,000 gallons per day Centrifugal Pumps, one directly connected to a 75 h.p. Electric Motor and the other to a 100 h.p. Electric Motor, or either pump can be driven by Oil Engines. Two of the pumped wells are being connected to Tor Hill Reservoir by direct pipe lines.

Tor Hill Reservoir is a circular reinforced concrete structure, has a capacity of 5,000,000 gallons and stands about 125 feet above the City level; it is 202 feet in diameter and the maximum depth of water is 25 feet. It is connected to the City Reservoir and Pumping Station by a 24 inch pipe line.

The spring water and the water from a 10-inch pumped well is conveyed by a 15-inch vitrified pipe to the compensating basin, and thence by 10-inch Cast Iron Main to the City Reservoir and Pumping Station.

The Compensating Basins have a capacity of 1,065,000 gallons.

The second source of supply is located at Mallory Springs, four miles east of Winnipeg Street and half a mile north of Dewdney Avenue. This source was connected to the City in 1928 by an 18 inch pipe line. As originally developed the source consisted of flowing wells yielding a little over 500,000 gallons daily. In 1929, there were constructed two concrete wells of 18 inch inside diameter. These wells are each equipped with pumps capable of delivering 1½ M.G.D. One unit is a standby in case of failure of the other.

The City Reservoir is located near the City Pumping Station. It is of reinforced concrete 250 feet long by 153 feet wide, 21 feet deep, capacity 5 million gallons.

At the City Pumping Station the equipment consists of two $2\frac{1}{2}$ million gallon per day and two $3\frac{1}{2}$ million gallon centrifugal pumps, both sets having parallel and series connections which enable them to deliver their capacity at 60 pounds pressure or half capacity at 120 pounds pressure. Prior to 1924, both sets were steam driven. For greater economy in operation, electric motors have been purchased and installed on both sets. To provide a standby in case of electric failure a new pumping unit has been added, consisting of two 3,300,000 gallon per day centrifugal pumps.

The City water normally requires no purification, but the plant is equipped with a Wallace & Tiernan chlorinator. This can be used whenever the weekly examination by the Pathologist at General Hospital indicates the need.

STATISTICS REFERRING TO REGINA

CEMETERIES

Regina City Cemetery, n.s. 4th Ave. near Hamilton.

PARKS

The present area of land set aside for public park purposes is 257 acres. Wascana Park is the largest, being about 45 acres in extent. The value of this land with improvements is estimated at \$3,300,000.

ALEXANDER PARK—Generally known as Broad Street Park, is used as a children's playground, and is equipped with suitable apparatus. It is proposed to lay out several other playgrounds in different parts of the City in a similar manner, with a view to conforming as far as possible with the school curriculum of playground teaching.

BROAD STREET PARK—Situated on the north side of Victoria Ave. between Osler and Broad Streets.

STANLEY PARK—Situated on the north side of South Railway St., facing the Union Depot, is laid out with walks, flower beds, trees, shrubs and lawns, and forms an appropriate setting for the station of the Canadian Pacific and Canadian National Railways.

VICTORIA PARK—Situated on Lorne Street between Twelfth Ave. and Victoria Avenue, one block from the Post Office, in the heart of the City, has an area of over 7 acres. This park is laid out in an ornamental scheme, with a fountain in the centre, while trees, shrubbery and flowers are used to a good advantage in beautifying it.

OSLER PARK—Situated on the east side of Broad Street and Twelfth Avenue.

PARKDALE PARK—Situated on Queen North between Fourth Avenue and Chicago.

WASCANA PARK—Situated to the south of the City, has a frontage of a quarter of a mile along the Wascana Lake. This lake extends for nearly two miles east, and affords excellent facilities for boating, bathing and skating, of which full advantage is taken. A large boat Club building and boat livery are situated on the shores of the lake. A civic bathing house is maintained for the free use of the public. Some 35,000 men, women and children use the pool from June 1st to September 15th. A band stand occupies an appropriate position in the park and frequent band concerts are given. This park, adjoining as it does, the grounds of the Regina College, and being in full view of the lake and Parliament Buildings, offers ample opportunity for development.

No. 2—Park de Young, between 9th and 10th Avenues, Retallack Street and Robinson Street, is used for baseball.

No. 3—Block 255, between 9th and 10th Avenues, Robinson Street and Cameron Street, is used for football.

No. 4—Block 330, and a portion of 329, between Victoria Avenue West and South Railway Street, Argyle Street and Princess Street. These grounds are available for baseball, football and tennis courts.

No. 5—Maple Leaf Park, south-east.

No. 6—Blocks 70 and 71, north-east.

NEW PARKS—Considerable attention is being given to the location of several new Parks in the City; these will be located in the North, East, South and West Sections of the City, to serve the needs of each community.

MUNICIPAL GOLF COURSE—An Eighteen Hole Golf Course is being laid out on the City property at Boggy Creek, plans having been completed and received from Mr. Stanley Thompson, Golf Course Architect, of Toronto.

In addition to the 18 hole Golf Course now under construction, another course has been laid out comprising 18 holes with large sand greens and is known as the Tor Hill Golf Course, Boggy Creek. This course was opened in September 1930 and will be further improved in 1931.

REGINA PUBLIC LIBRARY
1920 Lorne Street, Victoria Square

This occupies a fine building erected in 1911 through the generosity of the late Sir Andrew Carnegie, on Lorne Street, Victoria Park. The institution is thoroughly equipped in the most up-to-date manner, and is under the control and management of a board appointed by the city council. Branches have been established at: Albert Branch, 1401 Robinson N.; Eastview Branch, Wallace St. and Fourth Ave.; Prince of Wales Branch, corner Fourteenth Ave. and Broder Street; Connaught Branch, Elphinstone cor. 13th Ave.

LIBRARY STAFF

Chief Librarian and Secretary-Treasurer—J. R. C. Honeyman
Librarian Albert Branch—Mrs. F. M. Castleden
Librarian Prince of Wales Branch—Mrs. A. Douglas
Librarian Eastview Branch—Mrs. A. Douglas
Librarian Connaught Branch—Miss A. Llewellyn
Librarian (Reference)—Mrs. A. D. Millar; Assistants: Miss Helen Keenleyside, Adrienne Llewellyn
Librarian (Children's)—Miss Anne Paterson

 Political Science
 M. Matheson, M.A. (Queen's), Professor of English
 T. C. Vanterpool, M.Sc. (McGill), Assistant Professor Plant
 Pathology
 D. S. Rawson, B.A. Ph.D. (Tor.), Assistant Professor of Biology
 J. B. Mawdsley, B.A. (McGill), Ph.D. (Princ.), Professor of Geology
 F. H. Edmunds, M.Sc. (Liverpool), Professor of Geology
 Ethel M. Cartwright, Professor of Physical Education for Women
 A. Anstensen, Ph.D. (Col.), Professor of German
 H. J. Steinhauer, M.A. (Tor.), Assistant Professor of German
 Malcolm F. Munro, M.A., B.D. (Queen's), Lecturer in Hebrew
 W. B. Markle, S.T.D., Ph.L., Lecturer in Philosophy
 A. Kenderdine, Lecturer in Art
 E. W. Griffiths, Physical Instructor for Men
 E. E. M. Shelburg, Ph.D. (Chic.), Instructor in French
 Hilda Neatby, M.A. (Sask.), Instructor in History
 Myrtle E. Melburn, M.A. (Sask.), Instructor in Biology
 H. Ferns, B.A. (Sask.), Instructor in Mathematics
 B. W. Currie, M.Sc. (Sask.), Instructor in Physics
 H. J. Fraser, B.Sc. (Sask.), Instructor in Chemicals
 C. A. King, B.A. (Sask.), M.A. (Tor.), Instructor in English
 R. O. Bowman, B.A. (Sask.), Demonstrator in Chemistry

FACULTY OF AGRICULTURE

Walter C. Murray, LL.D. (Alta.), President
 Alexander M. Shaw, B.S.A., Dean of Agriculture
 Alex. R. Greig, B.Sc. (McGill), Professor of Agricultural Engi-
 neering
 Raymond K. Baker, B.A. (Man.) Professor of Poultry
 Walter P. Thompson, Ph.D. (Harv.), F.R.S.C., Professor of Biology
 T. Thorvaldson, Ph.D. (Harv.), F.R.S.C., Professor of Chemistry
 Wm. W. Swanson, Ph.D. (Chic.), Professor of Economics
 Arthur E. Potts, B.Sc. (Edin.), M.S.A. (Cornell), Professor of Dai-
 rying

Evan A. Hardy, M.S. (Ames), Professor of Agricultural Engineering
 Manley Champlin, M.S. (So.Dak.), Professor of Field Husbandry
 L. E. Kirk, B.A., M.S.A. (Sask.), Ph.D. (Minn.), Professor of Field Husbandry
 E. L. Harrington, Ph.D. (Chic.), Professor of Physics
 C. F. Patterson, B.S.A. (Tor.), Ph.D. (Ill.), Professor of Horticulture
 R. J. Manning, D.Sc. (Bristol), Professor of Biochemistry
 W. S. Lindsay, B.A. (Dal.), M.B. (Edin.), Professor of Bacteriology
 R. A. Wilson, Ph.D. (Queen's), Professor of English
 Edith J. Mackenzie, B.A. (Sask.), Assistant Professor of English
 A. H. Joel, M.S. (Mich.), Professor of Soils
 James B Harrington, B.S.A. (Sask.), Ph.D. (Minn.), Professor of Field Husbandry
 Wm. Allen, B.S.A. (Sask.), Ph.D. (Cornell), Professor of Farm Management
 F. H. Edmunds, M.Sc. (Liverpool), Professor of Soils
 Norman Wright, D.V.S., Lecturer in Veterinary Science
 Arch. R. Weir, B.A. (Sask.), Lecturer in Mathematics
 John G. Rayner, B.S.A. (Man.), Director of Extension
 Kenneth W. Gordon, B.S.A. (Man.), Assistant Director
 J. S. Fulton, D.V.S. (McKillop), Professor and Director Animal Diseases Laboratory
 J. W. G. MacEwen, B.S.A. (Tor.), (Ames), Assistant Professor of Animal Husbandry
 W. J. Rae, B.S.A. (Sask.), M.Sc. (Wis.), Assistant Professor of Poultry Husbandry
 T. Stevenson, B.S.A. (Sask.), Field Assistant in Field Husbandry
 G. J. Verbeke, Instructor in Drawing
 H. Miller, B.S.A. (Sask.), Demonstrator in Agricultural Engineering
 H. Larsen, B.Sc., Assistant in Soils

FACULTY OF LAW

Walter C. Murray, LL.D., President,
 Frederick C. Cronkite, M.A. (U.N.B.), LL.B. (Harv.), Dean and Professor of Law
 J. A. Corry, LL.B. (Sask.), B.C.L. (Oxon.), Professor of Law
 F. A. Sheppard, K.C., B.A. (Tor.), LL.B. (Sask.), Professor of Law
 Arthur Moxon, K.C., B.C.L. (Oxon.), Lecturer in Law
 J. W. Estey, B.A. (U.N.B.), LL.B. (Harv.), Lecturer in Equity
 A. S. Sibbald, M.A. (Tor.), Lecturer in Procedure
 H. C. Linklater, Law Librarian

FACULTY OF ENGINEERING

Walter C. Murray, LL.D. (McGill), President
 C. Jack Mackenzie, B.E. (Dal.), M.C.E. (Harv.), M.C., Dean and Professor of Civil Engineering
 Alex. R. Greig, B.Sc. (McGill), Professor of Mechanical Engineering

David Taylor, Solicitor
Margaret Phillips, Nurse
Elizabeth Stormount, Dietician

EMMANUEL COLLEGE

In Affiliation with the University of Saskatchewan

The College is governed by two bodies, a Statutory Council, composed of ex-officio and elected members. Its appointment is regulated by canon and the elected members retire by rotation. Also by a Board of Governors appointed by the Colonial and Continental Church Society of London, England. The Council grants standing in Theology, and the Board controls all matters affecting the welfare of the College, and the Proceedings of the College are reported annually to the synod of the Diocese of Saskatchewan. The Educational Committee is made up of the Faculty, together with the Bishop, and three clerical and three lay members of the Board of Governors.

The College provides: (1) an associate course in Theology, (2) a pass course leading to the Testamur, (3) a course leading to the Licentiate of Theology, and (4) a course leading to the Degree of Bachelor of Divinity.

Principal—The Rev. R. H. A. Haslam, M.A., D.D.

Professors—The Rev. W. F. Barfoot, B.A., The Rev. R. M. Millman, M.A., The Rev. E. H. Maddocks, B.D.

This Publication is the Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
